DT-1087 — Triptych for Four

fade away...

Rehearsal suggestion:

1. Learn the music at a slower tempo (approximately *♩* = 132 or *♩* = 48).
2. After the ringers are comfortable with the music at that tempo, ask them to look at you while you help them get the feel of the suggested tempo as follows:
  - a. Sing a few measures at the suggested tempo.
  - b. Have them look at the music and sing measures 1-8 with you at the new tempo.
  - c. Try playing it at the new tempo, directing 1 beat to a measure.

*Often making a drastic tempo change works better than increasing the tempo in small increments. Gradually increasing the tempo only slightly each time tends to create unnecessary tension.*

3. If needed, rehearse again at a slower, but slightly increased tempo (*♩* = 144).
